

LOMANCO® SV-10 Starter Vent

VENTS

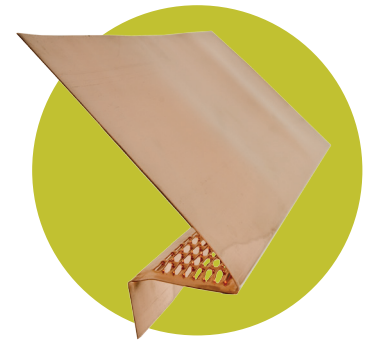

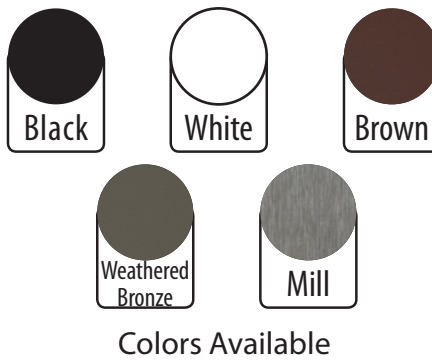

Combination Drip Edge and Continuous Soffit Vent

SV-10 FEATURES:

- ▶ Offers two products in one: incorporates both drip edge and continuous soffit vent.
- ▶ Perfect for homes built with little or no overhang.
- ▶ Can be used with gutters.
- ▶ Heavy gauge rust-free aluminum construction.
- ▶ Can be cut to desired length at any point.
- ▶ Labor saving — easy to install.
- ▶ This is an intake vent.

Lomanco's SV-10 Starter Vent is a **Combination Soffit Vent and Drip Edge**. It is the perfect intake vent on homes with little or no roof overhang. The SV-10 is easy to install and when used in combination with Lomanco exhaust vents, it will rid your attic of damaging heat and moisture.

Now available in copper!
