

COMPLIANT WITH "MADE IN USA" STANDARDS

"Made in USA" is a pledge of quality and pride, and at Lomanco, we deliver on that pledge. Headquartered in Jacksonville, Arkansas, Lomanco has manufactured products and created jobs in the United States since 1946.

According to the Federal Trade Commission (FTC), "Made in USA" qualifying criteria is defined as:

- ▶ All or virtually all the product is made in the U.S.
- ▶ All significant parts, processing and labor that goes into the product must be of U.S. origin.

The following Lomanco ventilation products meet the qualifying requirement of the FTC "Made in USA" standards:
